

Randall Taylor

POBox 2552 Midland, TX (432) 561.8801
79702

- Objective** To give my customers the best value and performance for their money.
- Experience**
- August 2003 President and Founder of Black Viper Energy Services, Viper Bit Manufacturing and Taylor Cryogenics.**
- July 2001- August 2003** as West Texas Operations Manager for Ryan Energy.
- 29 years in the Oil & Gas Industry
- July 2000 – July 2001
- Schlumberger Oil Field Services - Short Radius and Under Balanced Manager for NSA, responsible for all Short Radius and Under Balanced Drilling Operations in the United States and South America. I have over seen 200 Short Radius wells and 60 Under Balanced wells all over the US, South America, and Canada. Involved in all aspects, from planning to drill. I have been involved in drilling Under balance Horizontal Wells since 1997.
- April 1997 – June 2000
- Schlumberger Services Manager for Drilling and Measurements, Midland, TX. Responsible for all Drilling and Measurement Operations from straight hole corrections on Vertical Wells, Deviated Wells, S Wells, Medium Radius Horizontal Wells, Short Radius Horizontal Wells, Under Balanced Wells, Deviated and Horizontal Wells drilled with Nitrogen and Natural Gas. In various hole sizes ranging from 3 7/8" to 17 1/2 "Holes.
- August 1990 – April 1997
- EnSCO Technology, Drillex and Strata Technology. As a Drilling Supervisor, I was responsible for Directional Services on various wells from 3000 feet of Vertical section to 7500 feet of vertical section, and to 15000 feet of True Vertical Depth, and in hole sizes from 3 7/8" to 17 1/2". I also have experience with high angled Directional Wells to 70 degrees inclination using brine, CCL, oil base and water base drilling fluids, in both normal and high pressure zones and in Under Balanced Drilling Operations. I have experience in setting whip stocks and milling windows, and Coil Tubing Drilling, and Coal Seam Drilling.

November 1979 – August 1990

- 11 years Overseas experience with Santa Fe Drilling as Drilling Foreman, Driller, Asst. Driller, and Rig Mechanic on both Land and off shore Drilling Operations.

Responsible for Drilling and completing of Oil and Gas wells from 6,500 feet to 16,500 feet, and extended reach Deviated wells to 67 Degrees and water injection wells from 9,500 feet to 13,500 feet. I have run under reamers as well as coring along with moving rigs, drilling water wells, and fishing.

- Includes work in Six different countries

A: Bahrain, Arabian Gulf – Off Shore and Land

- **1979** Graduated form Oklahoma State Technical School, Okmulgee, Oklahoma

Certifications

- **1981-1990** Annual Certified Well Control-Houston, TX

- **1988-2000** First Aide, CPR, H2S, Defensive Driving, Stepping Handling Lifting and Confined Space Entry.

- **1989** Aberdeen Drilling School- Aberdeen Scotland
Deep Well, High Temperature Oil base Mud Well Control Course.

Specialized Experience

- Coil Tubing Drilling
- Whip Stock setting and Milling
- Sidetracking off of Whip Stock
- Open Hole Sidetracking
- Short Radius Drilling
- Gyro Kick off
- Coring
- Gas and Nitrogen Drilling
- Directional and Horizontal Wells
- Conventional Directional Assemblies
- Under Reaming
- **RIG TYPES**
- Jack up Rigs
- Land Rigs
- Work over Rigs
- Persian Gulf
- Gulf of Mexico
- Texas, Oklahoma, Alabama, Louisiana, Colorado, New Mexico, Mississippi, Canada, and South America
